

National Information and Communications Technology Authority

Public Notice

Extension of deadline for comments

All stakeholders, interested parties and the general public are advised that the new deadline for submitting written comments on the Public Inquiry on whether NICTA should recommend to the Minister for Communication and Information Technology for certain wholesale services relating to access in PNG to international connectivity should be declared by the Minister is **4pm, Friday, October 19, 2012.**

The three particular services for which the written comments are being sought are:

- access to capacity on international communications cables;
- access to international gateway facilities; and
- access to capacity on international communications satellite links.

All submissions must be emailed to: **inquiry.submission@nicta.gov.pg**
