

Standard and Special Conditions of Individual Licences Rule 2025

11 July 2025

Standard and Special Conditions of Individual Licences Rule, 2025

1. Name of rule

- (1) This Rule is the *Standard and Special Conditions of Individual Licences Rule, 2025*.

2. Preliminary

- (1) This Rule is made by NICTA pursuant to its powers and responsibilities under sections 55 and 218 of the *National Information and Communications Technology Act 2009*.
- (2) In accordance with subsection 6(1) of the *National Information and Communications Technology (Operator Licensing) Regulation 2010*, section 6 of that Regulation ceases to have effect as a consequence of this rulemaking.
- (3) This Rule revokes the *Standard and Special Conditions of Individual Licences Rule, 2011*.

3. Commencement

- (1) This Rule commences on the date on which it is notified in the National Gazette.
- (2) That date shall be the Commencement Date.

4. Interpretation

- (1) In this Rule, unless the contrary intention appears:

“Act” means the *National Information and Communications Technology Act, 2009* and includes any regulations made under that Act;

“Business Telephone Number Directory” means a directory of telephone numbers that lists businesses or trade categories or is otherwise focused on commercial enterprises;

“Broadcast Coverage” means, in the case of a specified geographical area, the supply of a Broadcasting Service using terrestrial broadcasting or satellite facilities to a percentage of that specified geographic area;

“Call Drop-out Rate” means the same as the probability of unsuccessful land cellular handover” as defined in *ITU-T E.771 – Network Grade of Service Parameters and Target Values for Circuit Switched Public Land Mobile Services*;

“Certificate of Completion” means a certification given by NICTA to a licensee, in response to an application from a licensee, that the licensee has fulfilled a Network Coverage Obligation in relation to specific localities mentioned in Schedule 7, 8, 9 or 10.

“Directory Assistance” means a service:

- (a) provided to a customer of a Service Provider to help that customer find the Public Number of another customer of the same or another Service Provider; and
- (b) provided by way of an operator or an automated voice response system or some other technology;

“Failure to connect due to congestion” means the same as “probability of end-to-end blocking” as defined in *ITU-T E.771 – Network Grade of Service Parameters and Target Values for Circuit Switched Public Land Mobile Services*;

“Force Majeure Event” means:

- (a) a cyclone, storm, earthquake, volcanic eruption, tidal wave, landslide or other natural disaster; or
- (b) an act of public enemy, war (declared or undeclared), sabotage, blockage, revolution, riot, insurrection, civil commotion, civil disturbance or any violent or threatening act; or
- (c) any other event which NICTA and a licensee agree in writing to be a Force Majeure Event for the purposes of section 6 of this Rule.

“Individual Licence” has the same meaning as in the Act but includes a licence issued under section 304 of the Act;

“National Maritime Radio Safety Service” means a service that enables ship to shore communications and that is available 24 hours a day, seven days a week.

“Network Coverage” means coverage by a Network used to provide Public Cellular Mobile Services to a generally accepted commercial standard, being the ability to make and hold, or receive and hold, a mobile phone call from 90% of the locations in the Network Coverage Area for 90% of the time;

“Network Coverage Area” means an area centred upon the town, village, or locality specified in Schedules 7, 8, 9 or 10 in which it is generally recognised that at least 75% of the population of that town, village or locality are living;

“Network Coverage Obligation” means the obligations specified in section 2 of Schedule 3 to this Rule;

“Network Fault Repair” means the repair of a network fault to restore service to end users of that network, or the restoration of such services by other means;

“Public cellular Mobile Service” means a Network Service employing one or more cellular mobile technologies to provide services to the public;

“Rule” means the Standard and Special Conditions of Individual Licences Rule, 2024;

“Telecommunications Subscriber” means a customer of an Operator Licensee who is connected to a Network Service in Papua New Guinea;

“Terminal” means a customer equipment used by a User to access the Telecommunications Service provided by the Licensee;

“Unpublished Number” means a Public Number that is not published in any Public Number Directory or made available via any Public Number Directory Service;

“User” means a user of Telecommunications Services; and

“Working Day” means a full day that is not a Saturday, Sunday or a public holiday.

- Network Licence
- Network Licensee
- NICTA
- Regulations
- Retail customer
- Service Provider
- Succession Date

(3) Each of the following terms used in this Rule has the meaning given to it by the *National Information and Communications Technology (Operating Licensing) Regulation, 2010*:

- International Gateway
- International Gateway Service
- Public Cellular Mobile Service
- Public Cellular Service
- Space Service
- Switching Centre

5. Licence conditions

- (1) All Individual Licences, irrespective of the date on which they were issued, are subject to the standard terms and conditions specified in Schedule 1 to this Rule.
- (2) All Applications Licences that are Individual Licences are subject to the special terms and conditions specified in Schedule 2 to this Rule.
- (3) All Network Licences that are Individual Licences and issued to Licensees who own, operate or maintain a Network that provides a Public Cellular Mobile Service are subject to the special terms and conditions specified in Schedule 3 to this Rule.
- (4) All Network Licences that are Individual Licences and issued to Licensees who own, operate or maintain a Network that provides any service and based on satellite networks or network components are subject to the special terms and conditions specified in Schedules 4 and 12 to this Rule;
- (5) All Network Licences that are Individual Licences and issued to Licensees who own, operate or maintain a Network that provides a Public Fixed Network Service are subject to the special terms and conditions specified in Schedule 5 to this Rule.
- (6) The Network Licence issued to Telikom Limited is subject to the special terms and conditions specified in Schedule 6 to this Rule.

- (7) The Content Licences that authorise free television broadcasts or radio broadcasts are subject to the special terms and conditions specified in Schedule 11 to this Rule.
- (8) All Network Licences that are Individual Licences and grant a Facilities Right for an International Gateway are subject to the special terms and conditions specified in Schedule 12 to this Rule.

6. Force Majeure

- (1) A licensee shall not be liable for a breach of a condition of its licence arising under this Rule if the licensee is able to demonstrate to the satisfaction of NICTA that:
 - (a) the breach was caused by a Force Majeure Event; and
 - (b) the licensee has taken all reasonable steps open to it to rectify the circumstances that led to the breach of a licence condition.
- (2) Any failure by a licensee to provide Network Coverage or Broadcast Coverage due to a Force Majeure Event shall be disregarded when determining whether the licence holder is providing Network Coverage or Broadcast Coverage in a particular locality for the purposes of assessing compliance with a Network Coverage Obligation provided that the licensee takes steps to reinstate or repair the affected Facilities within a reasonable time after the loss or damage occurs.

Schedule 1: Standard terms and conditions of Individual Licences

1. Application

This Schedule applies to all Individual Licences.

2. Standard obligations

(1) The licensee shall:

- (a) Pay all applicable licence fees, including spectrum and radiocommunications fees, and levies, when they fall due;
- (b) Comply with:
 - (i) the Act, all applicable mandatory instruments and all other applicable laws of the Independent State of Papua New Guinea;
 - (ii) Any radiocommunications licence issued to the licensee;
 - (iii) Any reference interconnection offer made by the licensee and accepted by NICTA in accordance with sections 141 and 142 of the Act; and
 - (iv) The requirements of all relevant international conventions relating to ICT, including the ITU Convention and the recommendations made under that convention, that are notified to the licensee by NICTA;
- (c) Notify NICTA within 14 days of any:
 - (i) Change in the shareholding or beneficial ownership of the licensee of more than 10% in any one year or more than 25% as from the date of issue of the licence;
 - (ii) Joint ventures or consortia which the licensee enters into with any other Individual Licensee after the grant of the licence;
 - (iii) Restructuring or rationalisation of the licensee's corporate structure material to the operation of the licensee; and
 - (iv) Any change of the particulars of the licensee lodged with NICTA;
- (d) Notify NICTA before any:
 - (i) transfer of shares which would result in the direct or indirect ownership of more than one quarter of the issued voting share capital of the licensee changing hands; and
 - (ii) change in the ownership of the licensee's issued voting share capital that would result in change to the composition of more than one quarter of the licensee's board of directors;
- (e) Take all proper and adequate safety measures to safeguard life or property in respect of all apparatus, equipment and installations possess, operated, maintained or used under the licence, including exposure to any electrical emission or radiation emanating from the apparatus, equipment or installation so used;
- (f) Take all reasonable steps to ensure that the charging mechanisms used in connection with any of its facilities or services are accurate and reliable in all material aspects;
- (g) Indemnify NICTA against any claims or proceedings arising from any breaches or failings on the part of the licensee;

- (h) Advise NICTA at the earliest practicable time of any force majeure event that prevents the licensee from complying with all or any of its licence obligations, to the extent that the effects of such an event cannot be ameliorated or reduced in their impact by any action within the reasonable control or capacity of the licensee, and which will be used by the licensee as a reason for NICTA to excuse the non-compliance in whole or in part;
- (i) Interconnect internet traffic with any other licensee through the PNG Neutral Internet Exchange Point, if requested to do so by that other licensee, and subject to agreement by the licensees of commercial terms, or acceptance of arbitrated terms determined by NICTA or a commercial arbitrator in the absence of agreement;
- (j) Comply at all times with emergency service provision arrangements currently in force, including, but not limited to, the mandatory provision of direct access by end-users, free of charge, to emergency call services and auxiliary arrangements for emergency call handling;
- (k) Comply at all times with protection of communications requirements currently in force, including, but not limited to:
 - the protection of the confidentiality information that relates to content of communications;
 - the identity and personal details of user of the licensees services; and
 - the protection of community values and standards of decency and civility in relation to online content.
- (l) Comply with requirements to protect the national Interest and to ensure security in the operation of the licensee's networks and the provision of services, including, but not limited to, taking all reasonable measures to prevent their networks and services from being used to commit criminal offences, giving law enforcement agencies such help as reasonably necessary for the purposes of safeguarding national security, protecting public revenue, and enforcing the criminal law;
- (m) Maintain lawful interception capability in relation to the licensee's network and services, and lodge annual Interception Capability Plans as required; and
- (n) Comply with Defence requirements and current disaster plans, including, but not limited to, supplying carriage and other services for defence purposes or for the management of natural disasters.

Schedule 2: Special terms and conditions of Applications Licences

1. Application

- (1) This Schedule applies to all Applications Licences that are Individual Licences.

2. Emergency call access

- (1) This section applies if the licensee supplies a voice telephony service to the public.
- (2) The licensee must provide access to an emergency call service that enables subscribers to, and users of, its voice telephony services to dial an Emergency Service Number and have a call connected, free of charge, to an appropriate emergency service organisation or other relevant body.

3. Internet and online content

- (1) This section applies if the licensee supplies access to the internet and to online content.
- (2) The licensee must comply with regulations that are currently in force for the protection of community values and standards of decency and civility.
- (3) In addition to compliance with regulations set out in sub-clause (2), the licensee must comply with directions or orders formally given in writing by NICTA to take down or block access to internet websites or other online content that infringes any regulations that are currently in force relating to such matters.

Schedule 3: Special Terms and Conditions for Network Licensees who provide Public Cellular Mobile Services

1. Application

- (1) This Schedule applies to all Network Licences that:
 - (a) are Individual Licences; and
 - (b) own, operate or maintain a Network; and
 - (c) use that Network to supply a Public Cellular Mobile Service.

2. Mandatory coverage obligations

- (1) The licensee must fulfil relevant Network Coverage Obligations.
- (2) The licensee must –
 - (a) from the Commencement Date, provide and maintain until the expiry of its licence Network Coverage in all of the provincial capital centres specified in Schedule 7 and in all of the district centres specified in Schedule 8;
 - (b) from the date that is the later of one year after the Commencement Date and the date that is one year from the date of issue of its licence, provide and maintain until the expiry of its licence Network Coverage in all of the local level government (LLG) centres specified in Schedule 9; and
 - (c) from the date that is the later of two years after the Commencement Date and the date that is two years from the date of issue of its licence, provide and maintain until the expiry of its licence Network Coverage in at least 50% of the Wards in LLG specified in Schedule 10.
- (3) It is accepted that Network Coverage may not be possible in a small number of locations within a Network Coverage Area due to terrain limitations (black spots). Such locations will not be included when calculating Network Coverage. NICTA shall inform other licensees in a timely manner whenever it agrees to a new black spot with one licensee.
- (4) A Network Coverage Obligation may be fulfilled through a reliance on, or the sharing of, the Facilities of another Network Licensee only if the locality to be provided with Network Coverage is a locality that is specified in either Schedule 9 or Schedule 10. If the licensee proposes to use the Facilities of another Network Licensee in the fulfilment of a Network Coverage Obligation, the first licensee must inform NICTA of the existence and scope of, and the parties to, that arrangement. In accordance with the Act, the terms and conditions of any such sharing of facilities would be as agreed between the licensees or, if access to the particular facility is a Declared Service, pursuant to Part VI of the Act.
- (5) The licensee may count as compliance with a Network Coverage Obligation in relation to a locality specified in Schedule 10 if, by the relevant date, it is providing Public Cellular Mobile Services through at least one base station within the locality for 90% of the time.
- (6) If the licensee considers it impracticable due to technical or other reasons to locate a base station Facility within or adjacent to any particular locality specified in Schedule 9 or Schedule 10 for the purposes of fulfilling a Network Coverage Obligation in relation to that locality, the licensee may nominate to NICTA an alternative locality within the same province. If NICTA consents to the alternative location nominated by the licensee, the licensee can satisfy its Network Coverage Obligation in relation to the first locality by providing Network Coverage in the approved alternative locality instead.

- (7) In the event that particular Facilities are subjected to repeated sabotage, vandalism or blockade which makes it impossible or unsafe for the licence holder to use and maintain those Facilities for protracted periods, the licence holder may, with NICTA's consent, close down or relocate those Facilities without being in breach of a Network Coverage Obligation.
- (8) NICTA may, upon application by the licensee, issue the licensee with a Certificate of Completion to certify that the licensee has fulfilled a particular Network Coverage Obligation. However, if the licensee is issued with a Certificate of Completion the licensee must nonetheless continue to provide Network Coverage in the areas to which that certificate relates until the relevant date specified in the Network Coverage Obligation.

3. Minimum level of Network performance

- (1) The licensee must maintain a Call Drop-Out Rate of no more than 2%.
- (2) The licensee must maintain a rate of Call Failure due to Network Congestion of no more than 2%.
- (3) The licensee must maintain a rate of Network availability of least 99% in:
 - (a) the provincial capital specified in Schedule 7; and
 - (b) the district centres specified in Schedule 8.
- (4) The licensee must maintain a rate of Network availability of least 98% in:
 - (a) the local level government centres specified in Schedules 9; and
 - (b) the wards in local level government specified in Schedule 10.
- (5) In assessing the licensee's compliance with these Network performance requirements, the licensee's performance will be measured over the period of a calendar year.

4. Network fault repair

- (1) The licensee must repair 95% of Network faults occurring in the provincial capital centres specified in Schedule 7 within 6 hours of the fault being identified by, or reported to, the licensee.
- (2) The licensee must repair 95% of Network faults occurring in the district centres specified in Schedule 8 within 24 hours of the fault being identified by, or reported to, the licensee.
- (3) The licensee must repair 95% of Network faults occurring in the local level government specified in Schedule 9 within 2 working days of the fault being identified by, or reported to, the licensee.
- (4) The licensee must repair 95% of Network faults occurring in the wards in local level government specified in Schedule 10 within 3 working days of the fault being identified by, or reported to, the licensee.
- (5) In assessing the licensee's compliance with these fault repair timeframes, the licensee's performance will be measured over the period of a calendar year.

Schedule 4: Special Terms and Conditions for Network Licensees who provide Public Cellular Mobile Services and other Network Services using Low Earth Orbit and Non-Geostationary Satellite Networks

1. Application

- (1) This Schedule applies to all Network Licences that:
 - (a) are Individual Licences; and
 - (b) own, operate or maintain a Network that includes access to and use of one or more Low Earth Orbit (LEO) satellite networks; and
 - (c) use that Network to supply a Public Cellular Mobile Service and/or any other kind of Network Service.
- (2) In this Schedule the terms Low Earth Orbit (LEO) satellite network and services shall be taken to include Non-Geostationary satellite networks and services.

2. Validity of Licence and Authority to Provide Services using LEO Satellite Networks

- (1) The Licensee shall continue throughout the term of the licence:
 - (a) to comply with the eligibility requirements for an individual licence set out in Sections 48 and 56 of the Act; and
 - (b) to maintain a corporate presence in Papua New Guinea the management of which shall have full authority to represent the Licensee on all matters relating to the Network Licence and to accept full responsibility for the discharge of licence obligations and the operation of the Network, including the LEO Satellite network components of that Network.
- (2) The validity of the Licence shall cease if and when compliance with the condition in sub-section (1) ceases.

3. Mandatory Coverage Obligations

- (1) The Licensee may use LEO satellite services to meet mandatory coverage obligations that apply to the Licensee pursuant to Schedule 3.
- (2) If the Licensee does not have mandatory coverage obligations pursuant to Schedule 3 then no mandatory coverage obligations shall apply to the Licensee.

4. Minimum level of Network performance

- (1) The licensee must maintain a Call Drop-Out Rate of no more than 2%.
- (2) The licensee must maintain a rate of Call Failure due to Network Congestion of no more than 2%.
- (3) The Licensee must maintain a rate of Network availability of least 98% for all services which are delivered using LEO satellite networks or network components.
- (4) In relation to services that are not delivered using LEO satellite networks or network components, the minimum levels of Network performance in Schedule 3 shall apply.

5. Network fault repair

- (1) The Licensee must repair 90% of Network faults occurring as a result of the operation of the LEO satellite network or network component within 6 hours of the fault being identified by, or reported to, the Licensee.
- (2) On relation to other faults, not being associated with failure of the LEO satellite network or network component, the Licensee shall meet the network fault repair obligations set out in Schedule 3.
- (3) The Licensee must repair 95% of Network faults occurring in the local level government centres specified in Schedule 9 within 24 hours of the fault being identified by, or reported to, the licensee.
- (4) In assessing the licensee's compliance with these fault repair timeframes, the licensee's performance will be measured over the period of a calendar year.

6. Licensee's Satellite Network and Operations

- (1) The Licensee shall commission and commence operation of one or more earth stations to be located within the territory of Papua New Guinea for the provision of services connecting its User Terminals in Papua New Guinea.
- (2) The Licensee is encouraged to comply with this condition of licence at the earliest time, but the Licensee shall comply no later than within the later of eighteen (18) months from the Commencement Date, the date of issue of its licence, and the date on which satellite services were first offered by the Licensee.
- (3) The Licensee shall use best efforts to shut down any website as may be lawfully directed by NICTA and otherwise will follow its internal blocking program.
- (4) The Licensee shall provide information on the volume of data and other traffic originating to and from PNG on a quarterly basis, in the form specified by NICTA from time to time.
- (5) The Licensee shall provide the number of Terminals sold to customers by itself and its sales outlets and agents in Papua New Guinea and the numbers of Terminals in Operation on a quarterly basis or other basis in the form specified by NICTA from time to time.
- (6) The Licensee shall ensure that unlicensed Terminals are disconnected from its network.

7. Development of Network and Services and extension of Broadband Services in collaboration with Licensed Operators in PNG

- (1) The requirements set out in sub-sections 7(2), 7(3) and 7(4) only apply to Licensees who do not also provide public cellular mobile network services and/or public fixed network services in Papua New Guinea using their own owned or controlled networks and infrastructure.
- (2) The Licensee shall enter into one or more commercial arrangements with licensed telecommunications network operators in Papua New Guinea to extend broadband telecommunications services through the provision of backhaul capacity and or "satellite to cell services" for the purposes of accelerating and expanding broadband telecommunications services throughout Papua New Guinea.

- (3) The Licensee shall report to NICTA the progress it is making with licensed operators under this condition on biannual basis from the later of the Commencement Date, the date on which it commenced to offer satellite-based services, and the date of issue of its licence.
- (4) The Licensee is encouraged to comply with this condition of licence at the earliest time, but the Licensee shall use commercially reasonable efforts to comply no later than one (1) year from the later of the Commencement Date, the date on which it commenced to offer satellite-based services, and the date of issue of its licence.

8. *Scope of International Gateway Services provided by the Licensee*

- (1) A Licensee may only provide International Gateway Services if it has a current Individual Gateway Network Operator Licence issued by NICTA, and the conditions in sub-sections 8(2) and 8(3) only apply if the Licensee has such a licence.
- (2) The Licensee may use its network to provide international satellite-based gateway services to Users of Terminals and between the earth stations and satellites connected to the Licensee's network.
- (3) The Licensee shall not provide international gateway services for the purpose of aggregating inbound and outbound international voice and text traffic and diverting it from the international gateway services and facilities provided within Papua New Guinea by other gateway licensees in Papua New Guinea.

Schedule 5: Special Terms and Conditions for Network Licensees who provide Public Fixed Network Services

1. Minimum level of Network performance

- (1) This section applies only to the licensee's supply of fixed voice telephony services.
- (2) To the extent that the licensee supplies fixed voice telephony services in the specified localities, the licensee must maintain a rate of Network availability of:
 - (a) at least 99% in:
 - (i) the provincial capital specified in Schedule 7; and
 - (ii) the district centres specified in Schedule 8; and
 - (b) at least 98% in:
 - (i) the local level government centres specified in Schedule 9; and
 - (ii) the wards in local level government ~~small centres~~ specified in Schedule 10.
- (3) In assessing the licensee's compliance with these Network performance requirements, the licensee's performance will be measured over the period of a calendar year.

2. Maximum timeframes for the connection of new services

- (1) This section applies only to the licensee's supply of fixed voice telephony services.
- (2) The licensee must complete at least 95% of all requests for a new service connection with the specified maximum connection period.
- (3) The maximum connection period for a premises in:
 - (a) at which there is an existing fixed line connection that remains intact and usable is three (3) Working Days; and
 - (b) otherwise, ten (10) Working Days assessing the licensee's compliance with this section, the licensee's performance will be measured over the period of a calendar year.

3. Maximum timeframes for repair of Network faults

- (1) This section applies only to the licensee's supply of fixed voice telephony services.
- (2) The licensee must repair at least 95% of Network faults within the specified maximum repair time.
- (3) The maximum repair period for a fault is four (4) Working Days.
- (4) In assessing the licensee's compliance with this section, the licensee's performance will be measured over the period of a calendar year.

Schedule 6: Special terms and conditions applicable to Telikom Limited

1. Application

(1) This Schedule applies to a Network Licence that:

- (a) is an Individual Licence; and
- (b) is issued to Telikom Limited.

2. Provision of a Public Number Directory Assistance Service

The licensee must provide a Telephone Number Directory Service in relation to the provision of fixed network services to all subscribers:

- (a) in the format of a manual operator service available to all subscribers on a 24 hour, 7 days a week basis;
- (b) that lists Directory Information for Fixed Network Telecommunications Subscribers of the licensee but excluding those Telecommunications Subscribers who have requested an Unpublished Number; and
- (c) is accessible via telephone by all Telecommunications Subscribers, regardless of which Network Licensee's Public Telecommunications Network the subscriber is connected to.

Schedule 11: Special terms and conditions applicable to Content Licences that authorise free television broadcasts or radio broadcasts

1. Application

- (1) This Schedule applies to a Content Licence that:
 - (a) is an Individual Licence; and
 - (b) relates to the supply of a Broadcast Service that is either a free television broadcast service or a radio broadcast service.
- (2) If the licensee was not an Existing Licensee on the Succession Date, then NICTA may, at any time, specify by written notice issued under this clause:
 - (a) the particular parts of this Schedule, if any, that do not apply to the licensee;
 - (b) the date from which this Schedule, or particular parts thereof, apply to the licensee; and
 - (c) the dates by which the licensee must comply with this Schedule or particular parts thereof.

2. Mandatory broadcast coverage areas—national market segment

- (1) If the licensee is authorised under the terms of its Content Licence to broadcast in the national market segment, then the licensee is required to provide Broadcast Coverage in each of the provincial capital centres specified in Schedule 7 and each of the district centres specified in Schedule 8 on Commencement Date.
- (2) The licensee must progressively extend its Broadcast Coverage to:
 - (a) at least 43 of the local level government centres specified in Schedule 9 on Commencement Date; and
 - (b) at least 60 of the wards in local level government centres specified in Schedule 10 by 31 December 2025.

3. Mandatory broadcast coverage areas—provincial market segment

- (1) If the licensee is authorised under the terms of its Content Licence to broadcast in the provincial market segment only, then the licensee must provide Broadcast Coverage in the provincial capital centres and the district centres of that province as per Schedules 7 and 8 and within six months of the grant of the Content Licence.
- (2) The licensee must progressively extend its Broadcast Coverage to the administrative district centres of the province or provinces for which it is licensed so that it provides Broadcast Coverage to:
 - (a) at least half of the local level government centres in the relevant province or provinces as per Schedule 9 within five years of the grant of the licence; and
 - (b) all of the district centres in the relevant province or provinces as per Schedule 8 within 10 years of the grant of the licence.

4. Mandatory broadcast coverage areas—district market segment

If the licensee is authorised under the terms of its Content Licence to broadcast in the district market segment only, then the licensee must provide Broadcast Coverage to the district centre or centres specified in its licence within six months of the grant of the licence.

5. Maintenance of mandatory Broadcast Coverage

The licensee must continue to provide Broadcast Coverage in the areas required by the terms of its licence until the expiry of its licence or until NICTA specifically authorises otherwise.

Schedule 12: Special terms and conditions for international gateway operators

1. Application

- (1) This Schedule applies to a Network Licence that:
 - (a) is an Individual Licence; and
 - (b) specifically grants a Facilities Right for an International Gateway.

2. Efficient routing of domestic traffic

- (1) The licensee must ensure that all traffic that originates on its Network in Papua New Guinea and which is intended to be terminated in Papua New Guinea is not routed through a Switching Centre or other facility that is located in a country other than Papua New Guinea.
- (2) NICTA may, upon application by a licensee, authorise the routing of domestic traffic via another country where such is necessary for purposes related to network continuity or disaster recovery.

3. Scope of International Gateway Services provided by the Licensee

- (1) If a Licensee operates a satellite-based network, the Licensee may use its network to provide international satellite-based gateway services to Users of Terminals and between the earth stations and satellites connected to the Licensee's network.
- (2) The Licensee shall not provide international gateway services for the purpose of aggregating inbound and outbound international voice and text traffic and diverting it from the international gateway services and facilities provided within Papua New Guinea by other gateway licensees in Papua New Guinea.
- (3) All international internet connectivity and communications traffic must be routed in accordance with gateway arrangements approved for the purpose by NICTA and which comply with Government policies, including policies on national security and cybersecurity.
